

JUST FOR HIM CONFERENCE 9-09

Spring, 2009

Aglow Newsletter

A message from your president:

Hello from Jan:

I'm excited. The ND Aglow Team has been putting together caravan meetings for across the State. We have several potential speakers, willing to speak and are hoping to line them up with different locations in our state. Our desire is to find women who desire to step into a position of leadership, who we can hand over the role of organizing gatherings for their area and become involved in this Ministry. We believe the women of North Dakota are hungry, many have said we are tired of playing church, we want more. We believe these meetings are about

Jesus Christ, getting to know the love Christ has for us, in fact, it is all about Jesus Christ. Aglow is our vehicle, but we might as well stay at home if it is more about Aglow than Jesus. He is the only one who can bring the restoration we so desperately need in this hour.

We are planning our Fall Conference which will be held in Jamestown. We are planning break out sessions for training, mentoring, and mobilizing people in different areas of interest. An example is if a person has been

called to be a worship leader but does not know how to get started here will be the how to, class for you. If you have felt the Lord has given you a word for people but felt held back, here is a how to class, for you. We have several things planned but are still open for more ideas.

Then we are making changes on our Aglow web site which is:

Caravan Meetings

Our first state sponsored caravan meeting was held May 1 in Fargo. What an uplifting time we had as 50 women gathered to unitedly come into the Lord's presence in Worship, prayer and fellowship. We were blessed to have Sherri Bittner, Fargo, at the electric piano to lead us into worship to our King. Lois Hofmann, local contact, and VP of special events, introduced the five North Dakota Aglow officers who were present. Jan Wright, ND president shared the plans for this year for Aglow Lighthouses across North Dakota. Each of us were encouraged as our speaker, Linda Kizima, Moorhead, shared with us. God will give us "New Beginnings" each day. Linda shared her life's experiences and

how the Word of God uses them to help us and others daily. We were drawn by her message into a time of prayer. We are looking forward to the next gathering of women in Fargo.

Fargo Neighborhood Prayer Lighthouse

Fargo Neighborhood Prayer lighthouse took a sabbatical from our monthly prayer meetings from January to an indefinite time at this point. Helen Barden is the President and has been on a journey with cancer for the past year and a half and was unable to continue attending. We had been having an attendance of 7 or 8 women Our group has been studying Beth Moore's workbook.

We first took it with a group of church ladies and found it so interesting we started over. We too have snow birds, so are anxiously awaiting there return. We will be hosting Lois and Kay in July. Local contact: Sharonc @csicable.net

Cont'd from page 2, *Generational Lighthouse*. We encourage you to take a look at the web site www.NDAglowGTL.com to learn how our Lighthouse came into being. Most recently, we have added a place for people to donate with Paypal towards the workshop expenses.

The ND Aglow GTL has conducted five Purity Prayer Shawl workshops since July, 2008. There have been a total of 39 mothers and 48 girls from ages 8 to 14 who have received the truth of God's Word relating to how unique and special they are, what Jesus did for them on the cross, reasons to guard their kiss as well as their entire bodies, encouragement in recognizing their potential, plus the reassurance to trust God with their lives and much, much more.

We are following up with the girls by sending personalized birthday cards to them; the card reminds the girls that they are not a pretend princess but a real princess in the eyes of King Jesus. This fall we are planning a Princess Reunion Sleepover where girls and mothers from all of the workshops can come together to share their shawls and testimonies with each other. This will give us an opportunity to review and reinforce the lessons from the workshop.

There is much information given to the mothers at the classes that will help them come to restoration and reconciliation if they have not, or are not, living pure lives. The mothers are also reminded during the workshops that the information that we are presenting is like seeds of truth or tools that they can amplify and continue to teach as their daughters mature and as they raise the next generation of women.
